Kalat's main goal is to make Biological Psychology understandable to Psychology students, not just to Biology majors and pre meds--and he delivers. Another goal is to convey the excitement of the search for biological explanations of behavior. Kalat believes that Biological Psychology is "the most interesting topic in the world," and this text convinces many students--and maybe you, too--with

Biological Psychology by James W. Kalat

Kalat's text is a classic and since it is updated regularly, is one of the best surveys of the biological basis of behaviour available. It is written in an engaging style with plenty of research and anecdotal examples. It is supported by a study guide and a website with plenty of practice materials.
