The case against the brake drum forge - Beautiful Iron
The case against the brake drum forge [Back to Jump page] A brake drum forge is the poorest and most awkward and impractical design. I do not recommend brake drum forges to anyone. More convenient and effective is to throw the brake drum away and simply dig a hole in the ground with a 2 inch pipe angled into the side of the hole to supply air. Anything would work better than a brake drum- a

Drum brake - Wikipedia

A drum brake is a brake that uses friction caused by a set of shoes or pads that press outward against a rotating cylinder-shaped part called a brake drum.
