*Canon DSLR cameras of the future.*

I'm not sure if this should be under cameras which it is about or open talk. Just curious what other people think about including video capabilities in the DSLR's of the future? Do people think that all of the future cameras both consumer and professional cameras will include it or will there still be some cameras with out it? It seems to me [Canon EOS 5D Review: Digital Photography Review](#) Canon's press material for the EOS 5D states that it 'defines (a) new D-SLR category', while we're not typically too concerned with marketing talk this particular statement is clearly pretty accurate.
