#### Management innovations for the future of innovation

Second, business model innovation will become as important as technological innovation. The business model is the predominant way a business creates value for its customers and captures some piece of that value for itself. It is generally accepted that a better business model can often beat a better technology. Yet companies that spend many millions of dollars on R&D seldom invest much money or time in exploring alternative business models to commercialize those discoveries. Not all business

#### Supply Management Research: Aktuelle Forschungsergebnisse ...
