In Life Stages and Native Women, Kim Anderson shares the teachings of fourteen elders from the Canadian prairies and Ontario to illustrate how different life stages were experienced by Métis, Cree, and Anishinaabe girls and women during the mid-twentieth century. These elders relate stories about their own lives, the experiences of girls and women of their childhood communities, and customs. [Life Stages and Native Women: Memory, Teachings, and Story ...](#)

[Project MUSE - Life Stages and Native Women: Memory ...](#)

In Life Stages of Native Women: Memory, Teaching, and Story Medicine, Kim Anderson offers a rigorously researched text that takes these considerations seriously. Anderson writes in her introduction that her purpose is to dig up the medicines of the past, (3) although the main success of Life Stages is its decolonizing effect on the

future.

Life Stages and Native Women: Memory, Teachings, and Story ...

The process of "digging up medicines" - of rediscovering the stories of the past - serves as a powerful healing force in the decolonization and recovery of Aboriginal communities. In "Life Stages and Native Women," Kim Anderson shares the teachings of fourteen elders from the Canadian prairies and Ontario to illustrate how different life stages
