Siemens Nixdorf Informationssysteme - Revolv Logo Siemens Nixdorf Informationssysteme , AG (SNI) was formed in 1990 by the merger of Nixdorf Computer and the Data Information Services (DIS) division of Siemens . It functioned as a separate company within Siemens. It was the largest information technology company in Europe until 1999, when it was split into two: Fujitsu Siemens Computers

Interoperability Manual - Interoperability Manual
Interoperability Manual This document includes a list of devices which were proven to be interoperable with the 2N

IP intercoms . The interoperability level depends on the device type and the intercom.

Re: [cpp-dev] Heads Up and some action requested : TCF ...

I just came back from vacation and knew that there were some action items regarding TM left. I know that there are two changes in Gerrit and wanted to look into them this evening or tomorrow, but if you can provide more up-to-date patches that would be much appreciated :-)
